

Job Description for student W/E at The Art Yard

Midland Film And Art (MFAA) is a constituted group based at The Art Yard (TAY) gallery and studios on the A4100, Upper High Street, Cradley Heath, B64 5HX. Collectively our volunteers have a wide range of specialist art knowledge and experiences, which they offer to share with students.

TAY is a community based art space where people visit to; view exhibitions, participate in art sessions, commission work, obtain evaluations, get feed-back on their art, showcase work, purchase and sell work, or simply to chat and to pass time.

What are the responsibilities of a student curator at The Art Yard?

As a student curator you will report to the delegated MFAA college liaison administrator and be part of TAY team with responsibility for assisting in the management of the art gallery and studios. Responsibilities include activities such as; managing public relations, marketing, fundraising, hanging exhibitions, participating in education programmes and administration.

The student's most important goal will be to learn more about the exhibiting artists and their work in order to be able to speak about displayed art from an informed position to customers, visitors and other artists.

MFAA members engage in a wide range of other art activities outside of The Art Yard environment that would benefit students learning. Student curators are therefore expected to engage fully with all MFAA activities when opportunities arise, to broaden their work experience.
